1. Casey Funeral

25X1 Former Director of Central Intelligence, William J. Casey died on 6 May. [] attended the funeral services which were held on Long Island on 9 May. Tight security was provided by Office of Security representatives along with representatives from the Secret Service and New York City Police Department who supported Nassau County Police. Mr. Casey's family requested that current and former members of the DCI Security Staff be represented as pallbearers and that a Security Staff lapel pin be placed on Mr. Casey. []

2. Overseas Security

Overseas security continues to be of foremost concern and many ideas for improvements have been discussed. These ideas include a complete enhancement of State Department security or possibly the transfer to the Agency of responsibility for overseas security. In light of the current state of overseas security, Secretary of State Schultz has requested that all U.S. agencies reduce their overseas presence. The Agency is faced with the possibility of losing [] overseas positions. [] security slots have already been identified.

25X1 []
25X1 [] These slots might
25X1 be cut upon the completion of current tours. []
25X1 indicated that he is taking action to fight these cuts. []

3. DCI Confirmation

25X1 Judge Webster's confirmation is still undetermined, as Congress is delaying his appointment with a special request concerning some local political issues. Nonetheless, special efforts continue to process clearances for Judge Webster's staff and the first staffer entered on duty 27 days after being polygraphed. []

4. Applicant Processing

25X1 The efficiency of the applicant processing system has
increased without degrading the quality of decisions, thanks to
the commitment by OS personnel. The system will soon be fully
responsive to the Agency's demands. Currently, the Agency is
only [] below its personnel ceiling and we expect the ceiling
will be met by July. The only major problem we are
experiencing is that the "mix" of people is not quite right;
this will have to be corrected by future recruitment
25X1 exercises. []

7. Quality Step Increase

25X1 [] received a Quality Step Increase in recognition
of his sustained superior performance while assigned to the
25X1 Headquarters Security Division, Identification Section. []

8. Letter of Commendation []

the Director of SIGINT Operations for her excellent
performance over a 3-year period and her contributions to
several sensitive projects.
